Md Arman Alam

SAP ABAP Developer | SAP Certified

+91-7978206195 | arman.dev09@gmail.com | linkedin.com/in/md-arman-alam | Bangalore, Karnataka, India

Professional Summary

SAP ABAP Developer with SAP Certified Associate credential in Back-End Development – ABAP Cloud. Hands-on training in Open SQL, Data Dictionary (DDIC), ALV Reports, Internal Tables, and modular programming, applied through project work involving CRUD operations and structured reporting.

TECHNICAL SKILLS

ABAP Development:	Data Dictionary (DDIC), Internal Tables, ALV Reports, Selection Screens, Subroutines, Modular Programming, Debugging
SAP Technologies:	SAP Logon, SAP GUI
ABAP Concepts:	OO ABAP, Classical Reports, Interactive Reports, RICEF, BAPI, SmartForms
Programming/DBs:	ABAP, Java, MySQL
Tools & IDEs:	VS Code, Git, GitHub, Postman

Certifications

SAP Certified Associate – Back-End Developer – ABAP Cloud Oct 2025
SAP Certified Associate – SAP Fiori Application Developer Dec 2025

Experience

SAP ABAP Trainee Aug 2025 – Oct 2025
EME Company Centurion University of Technology and Management, Bhubaneswar

- Gained hands-on exposure to SAP ABAP development, including ALV Reports, Open SQL, Data Dictionary (DDIC), Internal Tables, and modular programming through guided training.
- Practiced developing and testing ABAP programs involving database CRUD operations and Open SQL-based data retrieval using custom and standard SAP tables.
- Applied debugging and modular programming techniques while working on ABAP exercises and mentor-guided development tasks.
- Gained conceptual understanding of the RICEF framework (Reports, Interfaces, Conversions, Enhancements, Forms) used in SAP implementation projects.

Projects

Library Management System
SAP ABAP | DDIC, Open SQL, Internal Tables, ALV Reports

- Designed custom DDIC tables and built a full-cycle library management application in SAP ABAP, covering book management, issue, and return workflows.
- Implemented CRUD operations using Open SQL, with business logic to validate book availability and update quantities accurately on issue and return.
- Processed data using Internal Tables and Selection Screens, and delivered results through an ALV Report with sorting, filtering, and search capabilities.

Employee Salary Analysis Report
SAP ABAP | ALV Grid, Open SQL, Internal Tables

- Built an HR analytics report retrieving and processing employee compensation data from a custom database table using Open SQL.
- Calculated Total Salary per employee through Internal Table processing, with department-based filtering via selection-screen input.
- Delivered results through an ALV Grid supporting sort, filter, search, and Excel export for HR reporting use.

Education

Centurion University of Technology and Management Bhubaneswar, India
Bachelor of Technology (B.Tech) in Computer Science and Engineering Aug 2022 – Sep 2026
CGPA: 9.13 / 10

Achievements & Extracurriculars

- **IEEE TECHSPARK Project Expo:** Selected among **62 teams shortlisted from 85 registered teams** for the final project showcase and received an **'O' (Outstanding) Grade** for exceptional project demonstration.
