MD ARMAN ALAM

SAP Certified ABAP Developer | SAP Fiori | Full-Stack Software Engineer

Bangalore, India | +91-7978206195 | arman.dev09@gmail.com | linkedin.com/in/md-arman-alam | github.com/MdArman09

PROFESSIONAL SUMMARY

SAP Certified Associate in Back-End Development (ABAP Cloud) and SAP Fiori Application Development, with hands-on training in Open SQL, Data Dictionary (DDIC), ALV Reports, Internal Tables, and modular programming. Computer Science graduate (9.13 CGPA) with strong competencies in Java, relational database systems (MySQL), and modern web architectures. Strong problem-solving aptitude with hands-on experience in debugging ABAP code, constructing database CRUD operations, and understanding enterprise business frameworks (RICEF).

SAP OFFICIAL CERTIFICATIONS

SAP Certified Associate: Back-End Developer, ABAP Cloud Issued: Oct 2025

Competency in modern ABAP Cloud programming model, clean core principles, RESTful Application Programming (RAP), and Open SQL.

SAP Certified Associate: SAP Fiori Application Developer Issued: Dec 2025

Demonstrated skills in developing and extending modern enterprise user experiences with SAP Fiori, UI5, and OData consumption.

SAP & TECHNICAL COMPETENCIES

ABAP Development: Data Dictionary (DDIC), Internal Tables, ALV Reports, Selection Screens, Subroutines, Modular Programming, Debugging
ABAP Concepts: OO ABAP, Classical Reports, Interactive Reports, RICEF Framework, BAPI, SmartForms
SAP Technologies: SAP Logon, SAP GUI, SAP Fiori, ABAP Cloud
Languages & Database: ABAP, Open SQL, Java (Core & J2EE), SQL, TypeScript, HTML5/CSS3
Frameworks & Cloud: Spring Boot, RESTful APIs, Hibernate, MySQL, Firebase Auth, Node.js
Developer Tools: SAP GUI, Eclipse (ADT), Git, GitHub, Postman, Maven, VS Code

SAP EXPERIENCE & PROFESSIONAL BACKGROUND

SAP ABAP Trainee (Guided Training) | EME Company Aug 2025 - Oct 2025

- Gained hands-on exposure to SAP ABAP development, including ALV Reports, Open SQL, Data Dictionary (DDIC), Internal Tables, and modular programmin
- Practiced developing and testing ABAP programs involving database CRUD operations and Open SQL-based data retrieval using custom and standard SAP
- Applied debugging and modular programming techniques on ABAP exercises and mentor-guided development tasks.
- Gained conceptual understanding of the RICEF framework (Reports, Interfaces, Conversions, Enhancements, Forms) used in SAP implementation projects.

Web Development Intern | Plasmid Innovation Ltd (Remote) Apr 2024 - Jun 2024

- Developed modular, responsive client-side interfaces for production web apps with cross-browser compatibility.
- Integrated RESTful API endpoints with frontend views for dynamic data rendering and async communication.
- Worked in git-based workflows: peer code reviews and debugging UI/logic defects before staging deployment.

SOFTWARE ENGINEERING PROJECTS

Sports Event Management System (SEMS) | Spring Boot, JPA, MySQL, Angular

- Architected 3-tier enterprise platform exposing secured REST APIs for multi-entity tournament workflows.
- Engineered normalized relational MySQL schema with Hibernate ORM, foreign-key integrity, and RBAC authentication.

AI Mock Interview Coach | React 19, Express 4, Groq SDK (Llama 3.3 70B), MongoDB

- Built real-time speech evaluation platform with Web Speech API and deterministic code-computed speech metrics.
- Structured STAR feedback scoring with Groq LLM JSON-mode fallback orchestration and hardened rate-limiting.

EDUCATION & HONORS

B.Tech in Computer Science and Engineering | Centurion University, Bhubaneswar CGPA: 9.13 / 10 (2022 - 2026)

• IEEE TECHSPARK Project Expo: Shortlisted in top 62 of 85+ teams; awarded 'O' (Outstanding) grade.
